After 50 combined years in the pizza business, we decided to set out and create our niche in the pizza industry. We strive every day to bring you fresh pizza at a value for you and your family and friends to enjoy. Our pizza is made with fresh dough that we make on location daily, Our sauce is a homemade recipe that we cook off daily, spiced to perfection to give our pizza a warm taste.

We use fresh meats, no processed precooked meats with fillers, our chicken is all white chicken breast that we cook off on location, our veggies are cut daily to provide a fresh crisp experience, our salads are made to order, we do not believe in preparing salads in advance and putting an expiration, stamp on the bottom, We use 100% real cheese to top off our pizza.

Our goal is to make the best pizza and we take pleasure in serving our guest the best that we can do, We realize that pizza is a fun food and served in various functions, from birthday parties, work meetings, sporting events, and most of the time as your meal. We take our pizza serious.

If you are not completely satisfied with your Capitol Pizza experience, we will make it right or refund your money.
